DETAILED ACTION

This final Office action is in response to the amendment file November 9, 2004 by which claim 1 was amended.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 1 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The language of the recitation "said at least one loop having opposite ends connected with said each support arm" in lines 8-9 renders the claim indefinite since the language appears to be grammatically incorrect. *In particular*, from the language it is unclear how the ends of "one" loop, i.e., singular, are connected to "each" arm, i.e., plural.

Further, the recitation "at offset locations" in line 9 also renders claim 1 indefinite since the structural relationship between the elements, i.e., the ends of the loop and the arms, is unclear. *For example*, it is unclear from the language of this recitation whether the ends of the loop are "offset" from one another.

Response to Arguments

Applicant's arguments, see page 4, filed November 9, 2004, with respect to the Malik reference have been fully considered and are persuasive. The rejection under 35 USC § 102 of Malik has been withdrawn.

Allowable Subject Matter

Claim 1 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
